THE OFFICIAL BULLETIN OF THE ATLANTA RADIO CLUB, W4DOC

MARCH 2001

World Amateur Radio Day: April 18, 2001

Source: The ARRL Letter
Feb. 20, 2001

World Amateur Radio Day set for April 18: The Administrative Council of the International Amateur Radio Union has selected the theme "Providing Disaster Communications: Amateur Radio in the 21st Century" for World Amateur Radio Day, April 18, 2001. IARU has been the watchdog and spokesman for the world Amateur Radio community since its founding in Paris, France, in 1925. Hiram Percy Maxim, 1AW, was its first presi-

dent. In a related item, the International Telecommunication Union has approved publication of the Disaster Communications Handbook for Developing Countries. The role of the Amateur Radio service in disaster communications is one of the main points of the Handbook. IARU is the principal contributor to the Handbook. This event will coincide with the 76th anniversary of the founding of the IARU.--Fred Johnson ZL2AMJ/IARU Region 3

THE ATLANTA RADIO CLUB, W4DOC

Originally known as the "Atlanta Wireless Club," the Atlanta Radio Club is one of the oldest amateur radio clubs in the United States. With nearly 200 members, the Club sponsors numerous activities and services for its membership and for the Atlanta area amateur radio community.

The Club is known for its sponsorship of the annual Atlanta HamFestival, a June event which hosts many vendors, exhibitors, and flea marketers of amateur radio equipment and other electronic equipment, including computers

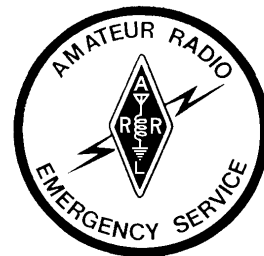

Bank of America Tower
Site of Atlanta Repeaters:
146.2(-), 224.34(-) and 444.825(+)

W4DOC REPEATERS

The Atlanta Radio Club operates five repeaters at two locations. We operate three repeaters 146.82(-), 224.34(-), and 444.825(+), at the Bank of America Tower in downtown Atlanta. This building is the tallest in Atlanta and our antennas are located than 2000' above sea level.

Our second location is the WFOX broadcast tower at Chestnut Mountain, south of Gainesville, GA. We operate two repeaters on 145.35(-) and 444.45(+). These repeaters are being renovated under the expert guidance of Tim, WK4U, and should be on the air by the summer of 2001. For pictures of that site, and for other information about our repeater systems, see <http://www.safmetal.com/arc/nbpic.htm>

ASSOCIATE ORGANIZATIONS

MEETING NOTICE

WHEN: Thursday March 1, 2001 730pm
WHERE: The Red Cross Training Rooms
Lindbergh Plaza, Sidney Marcus
& Piedmont Ave

TALK IN: 146.820

PROGRAM: Lowry Rouse, ARRL, GA SEC. EMERGENCY COORDINATOR, Introduction to A.R.E.S. Dinner before meeting in the Picadilly Café located at end of building 6:15 pm

PRESIDENT'S MESSAGE – PENN K4PE

Thanks go out to Steve Diggs, W4EPI, who gave us an informative program on AMSAT at our February meeting. We had about 30 in attendance, and the pre-meeting dinner at Piccadilly was well attended too. Dennis, KF4MHW, showed off the Motorola 146.22Mhz receiver he configured, that is now deployed on the upper antenna at the bank tower. Dennis did a craftsman like job of assembling this receiver, and it is likely you are speaking through it whenever you use 146.82.

We are honored to have Lowry Rouse, ARRL GA Section Emergency Coordinator, for our March 1st program. He will give us an introduction to ARES, or the Amateur Radio Emergency Service. ARES also coordinates the Skywarn repeater net that you have heard practicing on 146.82 during Sunday afternoons this February. ARES is the fastest growing organization in Amateur Radio today, and this presentation is particularly appropriate in light of the approaching severe weather season.

Indulge me for a moment while I muse on the topic of growth. Our hobby is fascinating and it provides valuable public services as well. Most of us could do a better job of spreading the word about what fun we have! I encourage each of you to consider recruiting folks to join us. Each of you probably had someone who motivated you to get your ticket. Who among us makes recruitment a priority today? Some of us believe that the Internet has sapped the vitality of our hobby. Those of us who enjoy both the Internet and ham radio on a daily basis understand there are synergies between these two pursuits. If you know a youngster who is intrigued with computers, chances are excellent he or she would also be interested in ham radio as well. I hope we can all consider making training and recruitment a higher priority. We're having too much fun not to share. SEE YOU IN MARCH!

ARRL COURSES GO ONLINE...

Source: The ARRL Letter Feb 20, 2001

ARRL Emergency Communications on-line course again fills up fast: The ARRL course, Introduction to Emergency Communications, was fully subscribed within 72 hours of the opening announcement earlier this week. A ham in Italy has been added to the growing list of foreign students "attending" this on-line course. Plans call for offering a new course every four weeks, and a "live" classroom version of the course is now in beta testing. For more information on this on-line course, visit the ARRL Certification and Continuing Education page.

METRO TESTING SESSIONS

Call ahead to verify session and be prepared with the appropriate forms and required papers. A small fee may be charged. Check with the VEC

ACTIVITIES CALENDAR FOR MARCH 2001

March kicks off the Hamfest season of 2001... We'll be attending the Kennehoochee Hamfest March 17th, 2001 with breakfast before at the Marietta Diner

We are still looking at a few places to hold a once a month Saturday W4DOC Breakfast. Have a favorite place to eat breakfast that can accommodate a small group of folks, let us know!

Some ideas have been kicked around as possible field trips. These include, Delta Maintenance at Hartsfield, communications out at PDK Airport, a G.M. Plant tour, TV 5 Station tour, etc... If you know of other ideas let me know, John Talipsky, KA4VQH
Email: johnka4vqh@aol.com

ATLANTA HAMFEST 2001... Always looking for volunteers. This is a good chance to have some fun and see what goes on behind the scenes in planning for a Hamfest. Jobs are easy, give me a call John Talipsky, 770-995-6446

REPEATER NEWS...FROM THE TOP OF THE TOWER

Submitted: Penn McClatchey, K4PE

The repeater project reached a new milestone in February. On Saturday February 10th, KF4MHW and I spent the morning moving the gear from the temporary cabinet into the 96" permanent racks. Dennis spent several hours making the installation look professional with untold numbers of tie-wraps. This work simply culminates the efforts of dozens of folks in our club, and the repeater is sounding better than ever. We still lack coverage to the south and east, and we plan to extend coverage out to the northeast soon. **You must use a sub-audible tone of 146.2Hz for access.** During standard operation we may have a receiver with carrier-squelch access, but while participating in a wide area network like the Skywarn net, we must require a sub-audible tone to be certain we do not QRM the whole network. We still lack a high power RF amplifier, but we're working on that too. I am interested in any and all signal reports as we refine our system.

Speaking of these nets, the Sunday night net has grown to about twice the number of checkins we had in the fall. Check it out! I also recommend you check into the Southeastern Linked Repeater net on Wednesday nights at 9PM on 146.82. On February 7 we had checkins from Kentucky, Indiana, Alabama, and Tennessee. This is an amazing net to listen to: the coverage on our VHF repeater sounds like propagation you might get on 75 meters. Fun!

MARCH 2001 CONTESTING SCHEDULE

3-4

ARRL International DX Contest, phone, see December 2000 QST, page 110.

11-12

North American Sprint, RTTY, sponsored by NCJ, 0000-0400Z Mar 11 (local time, Mar 10); 80, 40, 20 only. North American stations work everyone; others work NA stations only. Exchange other station's call, your call, serial no., name, and state/province/DXCC country. The same station can be worked multiple times provided 3 contacts separate the contact in both logs, regardless of band. QSY rule: Stations calling CQ, QRZ, etc, may only work one station in response to that call; they must then move at least 1 kHz before working another station or 5 kHz before soliciting another call. Once you are required to QSY, you may not make a new QSO on the previous frequency until you have made a contact at least 1 or 5 kHz (as required) away. Team competition. Awards. Electronic entries accepted. Send logs no later than 30 days after the end of the contest to Wayne Matlock, K7WM, Rt 2, Box 102, Cibola, AZ 85328; rttysprint@ncjweb.com; www.ncjweb.com/.

Wisconsin QSO Party, sponsored by the West Allis RAC, 1800Z Mar 11 until 0100Z Mar 12. CW and phone. 80 40 20 15 10 6 2 meters. Work stations once/mode/band, no repeater QSOs. Single op/multi-single/multi-multi, fixed/mobile. WI stations send county; others send state/province/DXCC country. CW: 3.550 3.705 7.050 7.125 14.050 and 15/10/6/2 meters; phone: 3.890 7.230 14.290 21.350 28.400 and 6/2 meters. Score 1 pt/phone, 2 pts/CW QSO. Final score is QSO pts WI counties (max 72); WI stations score QSO pts WI counties + states/provinces. WI mobiles/portables add 500 bonus points for each county they make 12 or more QSOs from. Mobile operators may not sit on a county line to operate. Power level multiplier: multiply your QSO points by the power multiplier: 150 W or more \times 1, 5 to 150 W \times 1.5, less than 5 W \times 2. Awards. Send logs within 30 days to West Allis RAC, PO Box 1072, Milwaukee, WI 53201; www.warac.org/.

18-20

Virginia QSO Party, sponsored by the Sterling Park ARC, 1800Z Mar 17 to 0200Z Mar 19. Single operator, mobile, club, single-multi and multi-multi. Work stations once per band/mode, mobiles as they cross county lines. VA stations work everyone, others work VA stations only. Exchange serial number and state/province/DXCC country (VA stations send county). CW: 1.805 and 50 kHz up; phone: 1.845 3.860 7.260 14.260 21.360 28.360; Technician: 10 kHz up and 28.360; VHF/UHF: 50.125 147.48 223.50 446.00. No repeater or cross-mode QSOs. Score 1 pt/phone, 2 pts/CW, and 3 pts/VA mobile QSO. Final score is QSO pts VA counties (max 95); VA stations use VA counties/states/provinces/DXCC countries for multiplier. VA mobiles add 100 bonus pts for each VA county from which they make a QSO. Club competition. Awards. Send logs by Apr 15 to Virginia QSO Party, Call Box 599, Sterling, VA 20167; www.qsl.net/sterling/.

24-25

CQ WW WPX Contest, phone, sponsored by CQ Magazine, from 0000Z Mar 24 until 2400Z Mar 25 (CW is May 26-27). Single ops operate no more than 36 hours, off periods must be 60 min or more. Classes: single op single/all band, high, low (< 100 W), QRP (< 5 W) or assisted; multi-single (10-minute rule); multi-multi; rookie; tribander and single element; and band restricted. Send RS (T) and serial no. Score 3 pts/QSO w/different continents on 14-28 MHz and 6 pts/QSO w/different continents on 1.8-7 MHz; score 2 pts/QSO w/stations in North America on 14-28 MHz and 4 pts/QSO w/NA stations on 1.8-7 MHz. Stations in own country count one point. Multipliers are prefixes worked (ie, N8, KA1, HG73, JD1). Work stations once/band; prefixes count only once. Awards. Club competition. Send logs by May 10 (CW, Jul 10) to CQ Magazine, 25 Newbridge Rd, Suite 405, Hicksville, NY 11801; n8bjq@erinet.com; ourworld.compuserve.com/homepages/n8bjq/.

ATLANTA HAMS GO TO RUSSIA

The Friendship Force (headquarters in Atlanta) is an organization which provides home stay exchange programs with foreign countries. Many Radio Amateurs in Russia have indicated their desire to host Americans in this program. The Bridgebuilders (special interests and professional exchanges) of the Friendship Force are looking for interested parties in the United States to be Ambassadors in May 2001, for this exciting adventure. **CUTOFF IS FEBRUARY 2001**
The Trip will leave Atlanta (Gateway) on May 16, 2001. The homestay in Moscow will be from May 17 to May 24. On May 24th we will take the overnight train to St. Petersburg, arriving the morning of May 25th. We will have 3 days in Saint Petersburg and return to Atlanta from Saint Petersburg on May 28th.

Moscow Tours and Events

Group Guided Tour of Red Square & the Kremlin, Museum and Armory
Visit the World's largest MacDonalds
Tour the Moscow street vendors and buy Soviet Army hats, watches, medals, etc.
Visit Gorky Park and see the Boo-ran (The Russian Space Shuttle)
Go to the Bolshoi - What's playing in May
Group attendance to Puppet theatre or Moscow Circus
Group Guided City Tour of Galleries, Museums, and Cathedrals
Saint Petersburg Tours and Events

Group takes Overnight Sleeper Train to Saint Petersburg, 3-day Hotel stay and group tours ,Group Guided Boat excursion up the Neva River ,Group Tour of Peter / Paul Fortress
Group Tour of Katherine the Great Palace and Hermitage ,Group Tour of Saint Isaac's Cathedral
Other Events and Tours as they develop
